There is a form to complete to record your 150 Professional practice hours that you need for ISMETA. This does not need to be completed before applying, but DOES need to be completed within two years of joining to maintain your registration. 75 of those hours must be sessions with individuals and 75 hours must occur after 500 hours of completed training. Note the paragraph below.

Tamalpa graduates must complete 72 practicum hours to earn their Tamalpa Practitioner Certificate. These 72 practicum hours count towards the 150 Professional practice hours required by ISMETA.

ISMETA will provide the Professional Practice Hours form to you in your professional registration acceptance packet. If you wish to record practice hours before hand you can download the form here: https://ismeta.org/wp-content/uploads/2018/11/Professional-Practice-Hours-R3.xlsx
