Students develop their understanding of principles, theory, methodology, and learn skills required for teaching & facilitating groups and coaching individuals.

Students deepen their learning of the TLAP, practice their teaching & facilitation skills, and learn applications and variations of the TLAP and how to use and adapt the TLAP to different areas.

The Level 2 Curriculum is organized in the following areas:

- I. Foundations of TLAP – Philosophy, Maps, Methods
- II. Scoring Skills & RSVP Cycles
- III. Body Mapping Method
- IV. Movement Ritual 1-2-3-4
- V. Coaching and Facilitation Skills (Groups and Individuals)
- VI. Creative Movement Practices
- VII. Applications of TLAP & Specialized/Related Themes
- VIII. Reflective Learning Journey

Level 2 requires the successful completion of the following:

- Seminar Series
- Student Lab Sessions (practicum)

1. Seminar Series:

The overall educational goal of Level 2 is the development of leadership skills using the principles and methodology of the TLAP. These seminars are designed to provide an advanced class setting in which students work with faculty at the mastery level to deepen their theoretical, experiential and practical understanding of the TLAP. Within this framework, students are encouraged to further develop their own gifts, style and special interests in order to take the work out into the world. Each teacher will emphasize aspects of the work through advanced personal practice and by developing the understanding of principles, theory, methodology and skills required for teaching & facilitating groups, presenting the work in a variety of public settings and coaching individuals.

In each module, teachers will focus their presentations with the shared intention to reconnect with the work and learning group, review and repeat material, add new material in order to deepen, develop and broaden skills and applications of the work both in person and online.

The Curriculum through line is MR 1-2-3-4, 3 LAR, PKIP, Body Part Mapping and movement

repertoire, 5 PP, Baseline, want & needs model, Scoring and Communication Skills. Each teacher will bring to the shared practice and curriculum their own unique perspectives, style and special interests.

Note: Throughout the program different faculty members will make reference to authors that contribute to the understanding of the TLAP. Faculty may request specific readings from the Reading List, or from other sources in preparation for their seminars; and the students will be informed ahead of time.

2. Student Lab Sessions:

These sessions are led by members of the Level 2 group and provide an opportunity for students to self-organize TLAP practice presentations in their hometown. Students will present a 2-hour class in the Tamalpa Life/Art process inviting peers and personal guests to be part of the experience. These sessions give the students a chance to practice scoring and teaching skills and to receive feedback from peers. On-line seminars will be facilitated by a Tamalpa faculty to support and guide the practice of the Lab Sessions.

TAMALPA ALUMNI ASSOCIATION - TAAS

The TAAS online site was created in 2004 as a result of students expressing the need to stay connected with the Tamalpa community as they took the work back into their personal and professional lives. As technologies have rapidly changed, we have found the best available platform in order to create a new site that has the Tamalpa feel and aesthetics, with improved functionality. And, with the new site comes a new name: Tamalpa Alumni Association, or TAAS.

TAAS offers a space where graduates can come together to stay connected, network, and support one another. Peer dialogue and mentorship are keys to continuing to develop and embody the Tamalpa Life / Art practice. Becoming a member of TAAS is a requirement for all Level 2 students.

Through the TAAS site we also want to generate awareness about the great work that Tamalpa alumni and students do in the community engagement and social justice arenas. We are committed to continuing to encourage our graduate body to bring the healing power of the arts to diverse communities.

Please contact the Tamalpa office if you need assistance with logging in. TAAS provides **resources to support you during your Level 2: Embodied Leadership training**, as well as in your practice and in your personal life. You will learn the unique ways in which graduates take the work into the world, which may inspire you to find your own way. There will be opportunities to connect and dialogue with peers as TAAS is a lively and ever-changing on-line "studio."

Here is the link: <https://www.taasonline.org>

Once you set your profile, you can explore the following studios:

- **Tamalpa Announcements:** where you can learn what is happening and what is about to happen at the Institute.
- **Tamalpa ArtCorps:** explore ArtCorps projects that alumni are doing around the world - make sure to return from time to time as we keep adding more projects.
- **Tamalpa Library:** Take a peek at the different sections here, including a growing library of papers and articles. New features and treasures will be added to this studio.
- **Members Lounge:** where you can mingle and connect with one another, share poetry, artwork, announcements of your upcoming Tamalpa classes, etc.

We hope that this new space encourages more members of our Tamalpa community to engage in rich professional exchanges, conversations, and to inspire and support each other in taking the Tamalpa work into communities around the world.
